Phone: +62 877-2904-4022

Profile

Professional with +10 years of experience at PT. Pratama Abadi Industri, progressing from production, mold checking, to tooling engineer (Bottom CAD 2D & 3D) in the Development / Manufacturing Excellence department. Skilled in midsole/outsole manufacturing, production workflow optimization, tooling optimization, CAD troubleshooting, and technical documentation. Experienced in collaborating with vendors such as Jones & Vining, Yin Hwa, UT Next, Daehan, SMI, ACMI, and SPI.

Work Experience

PT Pratama Abadi Industri – Production Operator

Production Department | 2012 - 2014

- Involved in footwear production with a focus on quality and timeliness.
- Ensured operational standards were met according to company procedures.
- Supported smooth production flow through cross-team coordination.

PT Pratama Abadi Industri – Daily Mold Checker

PMIMS Division | 2014 - 2016

- Inspected molds to ensure compliance with design and quality standards.
- Managed mold inventory and supported PMIMS system for efficient usage.
- Collaborated with quality assurance, mold shop and production teams to resolve technical issues.

PT Pratama Abadi Industri - Tooling Engineer (Bottom CAD 2D & 3D)

Development / Manufacturing Excellence Department | 2016 - 2026

- Coordinated tooling design activities based on departmental requests.
 - Archived and maintained approved 2D & 3D model files, sketches, and tooling data.
 - Prepared 2D drawings, gauges, and tooling for new production models.
 - Created, improved and verified pad tooling (gauge marking, universal, depayaki, bottom pad) based on production requests.
 - Collaborated with internal departments and external vendors (e.g., IR, SMI, Jones & Vining, Daehan, ACMI)
-

Education

Bachelor's Degree in Management - STIE PGRI Sukabumi

Skills

- 2D Drawing & 3D Modeling (Cadkey, Rhinoceros, Dimension)
- Technical Drawing
- 3D Grading (Rhino (CDL))
- 2D Grading (Dimension)

Competencies

- Team Work
- Tooling Desain and Optimization (Chiller Last, Hot Mold, Tooling Pad, Nosew molding and Mold)
- Order Schedule
- Tooling preparation
- Organization Commitment
- Communication
- Problem Solving & Decision Making
- Leadership
